## Launching Business Online Banking

- Access our website [www.mechanicsbank.com](http://www.mechanicsbank.com) to log in to Business Online Banking
- On the right side of the page, select the **Login to Online Banking** button, choose **Business Online Banking** from the bottom of the menu
- On the **Log In** page enter your **Username** and **Password**
  - 👉 **Note:** Security token users **ONLY**- your password should be a combination of the number generated from your security token plus your 4-digit PIN number.
- Click **Log In**
  - 👉 **Note:** Security token users will see a **Site Verification** box and will need to validate the verification code in order to proceed.

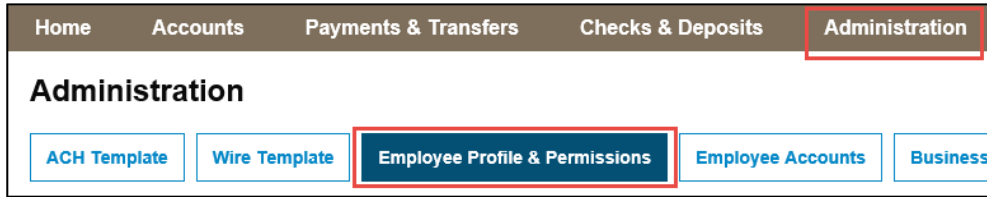

- You may be promoted with a **Security Challenge**; complete the Security Challenge in order to continue the log in process by either answering a security challenge question or by entering a one-time passcode received via email

This guide was established to assist Business Online Banking Administrators with User Administration rights; Adding, Changing or Deleting access rights for employees with lower security levels. **The Administrative options you see with your User ID and Password are based on your own security levels and the services your company has been approved for through Business Online Banking; you may not see all of the fields described in this guide.**

## Adding a New User

- From the **Administration** menu, select **Employee Profile & Permissions**

The screenshot shows the top navigation bar with 'Administration' highlighted in red. Below it, the 'Administration' section contains several buttons: 'ACH Template', 'Wire Template', 'Employee Profile & Permissions' (highlighted in red), 'Employee Accounts', and 'Business'.

- From the **Select User Criteria** menu, select **New Employee** and then click **Submit**

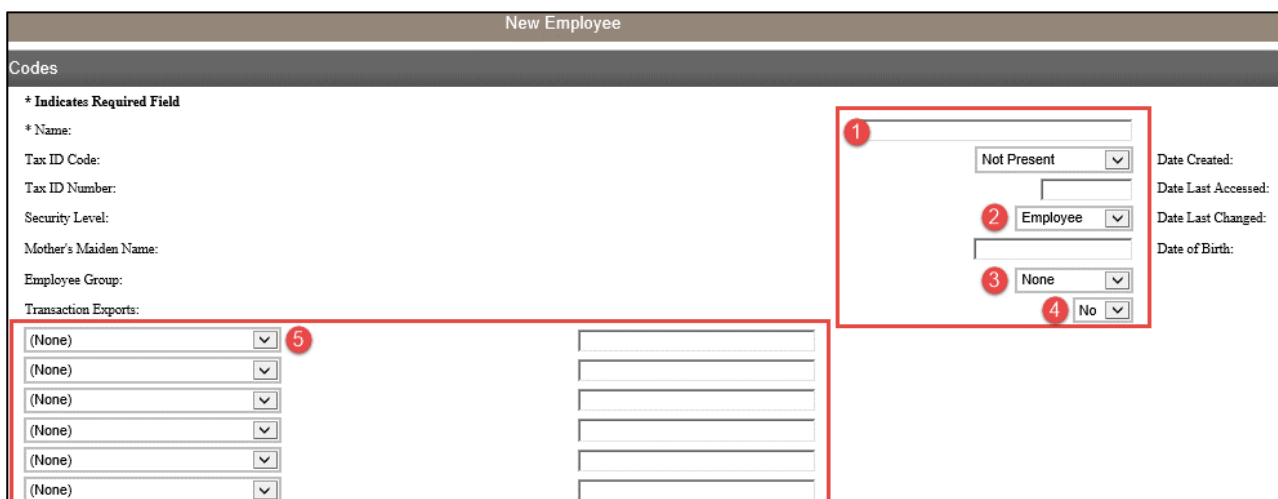

The screenshot shows the 'Select User Criteria' menu with radio buttons for 'Inquire Employee', 'Change Employee', 'New Employee' (selected and highlighted in red), 'New Employee Using Existing Employee', and 'Delete Employee'. The 'Submit' button is also highlighted in red.

- Codes** section:

- Name:** Enter the users first and last name
- Security Level:** Select the desired Security Level for the user – Employee, Supervisor, or Administrator (*Refer to the [Role Assignment Guide](#) section*)

 **Note:** You can only add a user with a lower security level then your own.

- Employee Group:** Select the desired Employee Group that you would like the user to be classified under; if Employee Groups have been established
- Transaction Exports:** Select Yes to allow the user access to export transactions and account information to an external application (*e.g. Intuits QuickBooks or Microsoft Excel, etc.*); or if you do not want to allow access select No
- Additional Fields:** Can be used to enter additional identifying information for the user; select an option from the drop down menu and then type the related information in the corresponding field to the right

The screenshot shows the 'New Employee' form with a 'Codes' section. It includes fields for Name, Tax ID Code, Tax ID Number, Security Level, Mother's Maiden Name, Employee Group, and Transaction Exports. A table of 'Additional Fields' is shown at the bottom. Numbered callouts (1-5) highlight: 1. Name field, 2. Employee Group dropdown, 3. Security Level dropdown, 4. Transaction Exports dropdown, and 5. Additional Fields dropdown.

- **Contact Methods** section:

1. **E-mail Address:** Enter the users email address

 **Note:** Must enter a valid email address in order for the user to be able to utilize the Forgot Password/PIN function.

2. **Business Phone:** Enter the users business phone number
3. **Business Phone Ext:** Enter the users business phone extension
4. **Mobile Phone:** Enter the users mobile phone number

Contact Methods	
E-mail Address:	<input type="text"/>
Business Phone:	<input type="text"/>
Business Phone Ext.:	<input type="text"/> 0
Mobile Phone:	<input type="text"/>

- **Client Details** section: Skip this section; defaults to the primary Company information

Client Details			
<input type="checkbox"/>	Client Name	Client Number	Client Tax ID
<input checked="" type="checkbox"/>	MB TREASURY OPS	101	111222333

- **Security** section:

1. **Username:** Enter a unique username

 **Note:** The username is case sensitive and should be 6 to 12 characters with no special characters.

2. **Change Password:** Click the link to create and confirm a temporary password for the user; click **Submit** when finished, to return to the previous page

 **Note:** Password must be 9 to 17 characters and contain at least one upper case alpha (letter), one lower case alpha (letter), one numeric (number), one special character and is case sensitive. Also, cannot contain the word Fiserv or Password.

3. **PIN:** Leave blank

 **Note:** User creates their own PIN when registering their token, if applicable (*for Security Token users ONLY*).

Security	
* Username:	<input type="text"/> <a href="#">* Change Password</a>
PIN:	<input type="text"/>
Terms Acceptance Date:	

- **Multifactor Authentication** section (*for Security Token users ONLY*):

1. **Token Status:** Select Pending Enablement

 **Note:** Select None for non-security token users

2. **Token Type:** Select Go3

 **Note:** If approved for soft token use, select Soft Token

Multifactor Authentication	
Token Status:	<input type="text"/> (None) <input type="button" value="v"/>
Token Type:	<input type="text"/> Go3 <input type="button" value="v"/>

- **Mobiliti Business** section:

1. Check the box to allow the user access to Mobile Banking services

 **Note:** ONLY for clients who have Mobile Banking services enabled.

**Mobiliti Business**

Mobiliti Business access is enabled. Uncheck the checkbox to disable Mobiliti Business access. 1

No Devices Registered

- **Role Assignment** section:

1. **Role Name:** Select the appropriate Role for the user from the drop down menu

 **Note:** Role Name selected should correspond with the Security Level previously selected for the user.

**Role Assignment**

\* Role Name

(None) 1

[Add Role](#)

- **ACH** section:

1. Check the box to allow the user access to ACH Origination services

 **Note:** If the user needs to be tied to multiple ACH Companies, or if the user should NOT be set up with the dual control requirement for ACH Origination, you must contact the Bank for assistance.

2. **Company:** Skip this section; defaults to the primary Company information

**ACH**

Employee is enabled for ACH Manager access. Uncheck the checkbox to remove ACH Manager access. 1

**Company**

Access	Company Name	Company ID	Company Entry Description
<input checked="" type="checkbox"/>	Mechanics Bank T	444444444	MB Test <span style="border: 1px solid red; border-radius: 50%; padding: 2px 5px;">2</span>

- **Accounts** section:

1. **Access:** Check the box next to the account(s) that you wish the user to have access to through Business Online Banking
2. **ACH Permission:** Select the applicable ACH Origination access next to the account(s)

 **Note:** ONLY for clients who have subscribed to the ACH service.

**Accounts**

To grant account access for this Employee check the checkbox associated with the account. To remove account access, uncheck the checkbox.

				<input type="button" value="Finish"/>	<input type="button" value="Cancel"/>

- A confirmation message will display; **Success – Employee Created Successfully**

The screenshot shows a green success banner at the top with the text "Success" and "Employee Created Successfully" below it. Underneath is a section titled "Select User Criteria" with five radio button options: "Inquire Employee", "Change Employee", "New Employee" (which is selected), "New Employee Using Existing Employee", and "Delete Employee". At the bottom right of the form are "Submit" and "Clear" buttons.

**Important:** Once the user has been set up in Business Online Banking, it is necessary to grant the user access to any ACH & Wire templates, if applicable (see the *Assigning Template Access* section below for instructions).

## Assigning Template Access

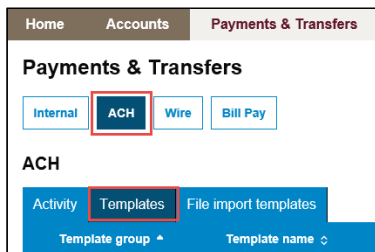

### ACH Transfer Template Access

- After a new user or ACH Transfer template is added, it is necessary to grant user access to the template before it can be used to initiate a transfer

**Note:** Only the Sr. Administrator or users that have Template Administration rights can assign template access.

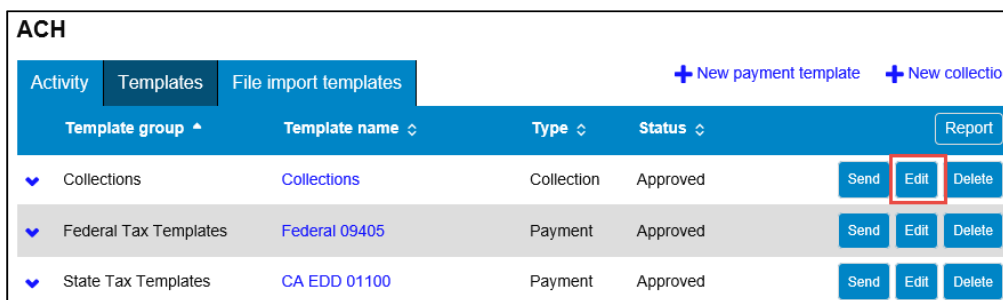

- From the **Payments & Transfers** menu, select **ACH**, and then select the **Templates** tab

**Note:** Select the File import templates tab instead of Templates if applicable

The screenshot shows the "Payments & Transfers" menu with tabs for "Internal", "ACH", "Wire", and "Bill Pay". The "ACH" tab is highlighted. Below it, there are sub-tabs for "Activity", "Templates", and "File import templates". The "Templates" sub-tab is also highlighted. At the bottom, there are dropdown menus for "Template group" and "Template name".

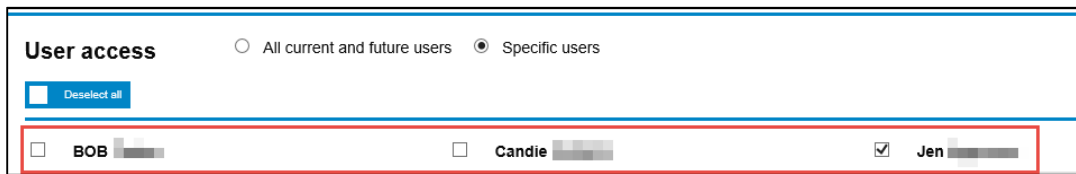

- From the template list click on the **Edit** next to the applicable template

The screenshot shows a table of ACH templates. The table has columns for "Template group", "Template name", "Type", "Status", and actions. The "Edit" button for the "Collections" template is highlighted.

Template group	Template name	Type	Status	Actions
Collections	Collections	Collection	Approved	Send Edit Delete
Federal Tax Templates	Federal 09405	Payment	Approved	Send Edit Delete
State Tax Templates	CA EDD 01100	Payment	Approved	Send Edit Delete

- In the **User Access** section, check the box next to the user to grant the user access to the template

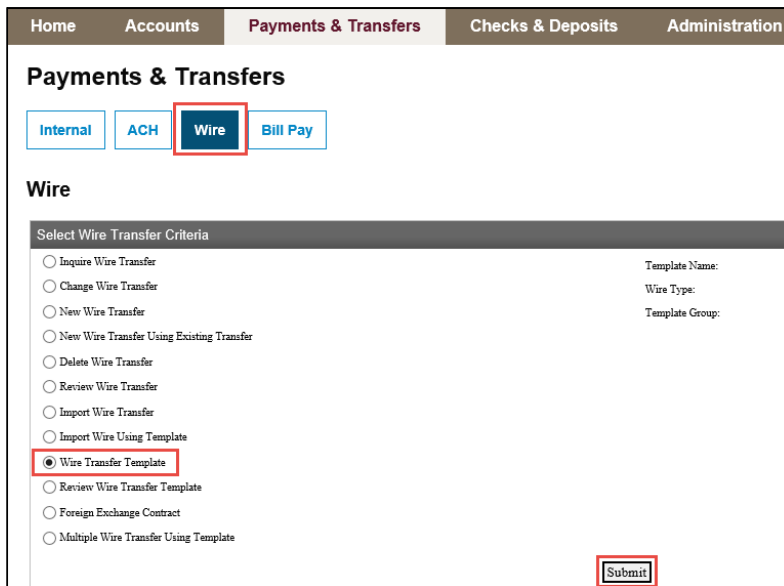

- When finished, click the **Save** button at the bottom of the screen

## Wire Transfer Template Access

- After a new user or Wire Transfer template is added, it is necessary to grant user access to the template before it can be used to initiate a transfer
  -  **Note:** Only the Sr. Administrator or users with Template Administration rights can assign template access.
- From the **Payments & Transfers** menu, select **Wire**, and then select the **Wire Transfer Template** option and click **Submit**

- From the **Template List** click on the **Edit Template** icon , next to the applicable template

Template Name	Beneficiary	From Account	Wire Type	Status	New Transfer	Edit Template	Delete Template
Domestic Wire	Mechanics Bank	TEST #1	Domestic	Approved	➔		X

- In **User Access** section, check the box next to the user to grant the user access to the template

The screenshot shows a 'User Access' section with a 'Select All' link. Below it are four checkboxes for 'Test User', 'Test User 2', 'Test User 3', and 'Test User 4'. The checkbox for 'Test User 2' is checked and highlighted with a red box.

- When finished, click the **Save** button at the bottom of the screen

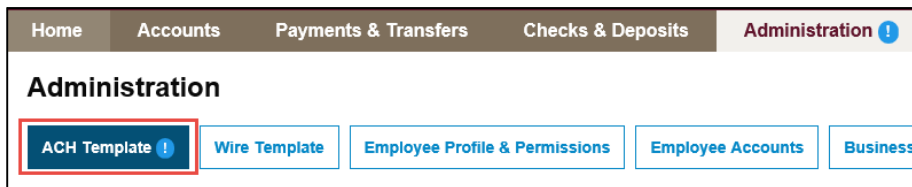

The screenshot shows two buttons: 'Save' and 'Cancel'. The 'Save' button is highlighted with a red box.

## Template Approval

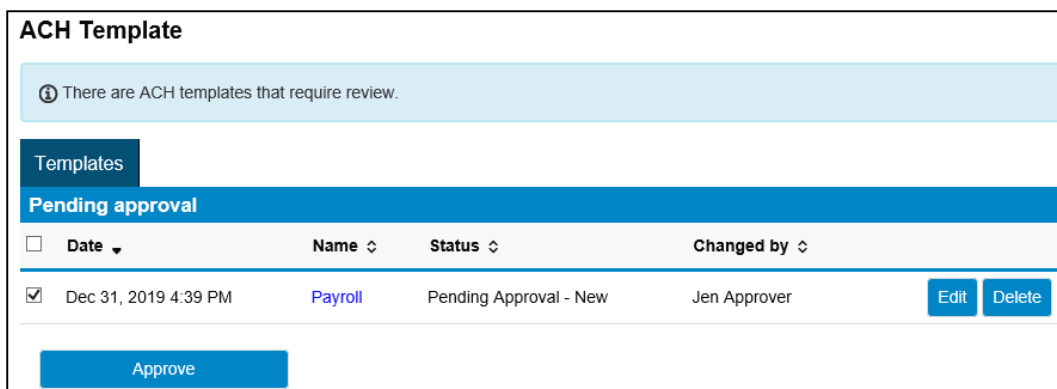

### ACH Template Approval

- After a new ACH Transfer template is added, it may be necessary to approve the template before it can be used to initiate a transfer
  - 👉 **Note:** Only the Sr. Administrator or users that have Template Administration rights can approve new templates, if the template approval option is required.
- From the **Administration** menu, select **ACH Template**

The screenshot shows the 'Administration' menu with several options: 'ACH Template !', 'Wire Template', 'Employee Profile & Permissions', 'Employee Accounts', and 'Business'. The 'ACH Template !' option is highlighted with a red box.

- If there are any templates requiring an approval, they will appear under **Pending Approval**; you can click on the template to view the template details and when ready to approve, simply check the box next to the template and then click **Approve**

The screenshot shows the 'ACH Template' page with a notification: 'There are ACH templates that require review.' Below this is a 'Templates' section with a 'Pending approval' header. A table lists the pending templates:

<input type="checkbox"/>	Date ▾	Name ▾	Status ▾	Changed by ▾	
<input checked="" type="checkbox"/>	Dec 31, 2019 4:39 PM	Payroll	Pending Approval - New	Jen Approver	<a href="#">Edit</a> <a href="#">Delete</a>

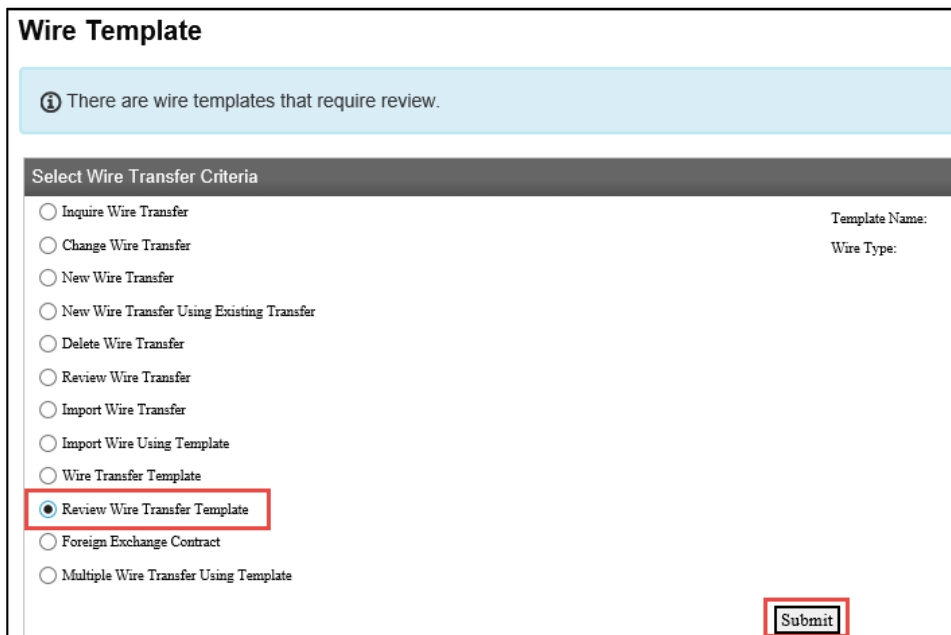

At the bottom of the table is an 'Approve' button.

## Wire Template Approval

- After a new Wire Transfer template is added, it may be necessary to approve the template before it can be used to initiate a transfer
  - ☞ **Note:** Only the Sr. Administrator or users that have Template Administration rights can approve new templates, if the template approval option is required.
- From the **Administration** menu, select **Wire Template**

- Select **Review Wire Transfer Template** and then click **Submit**

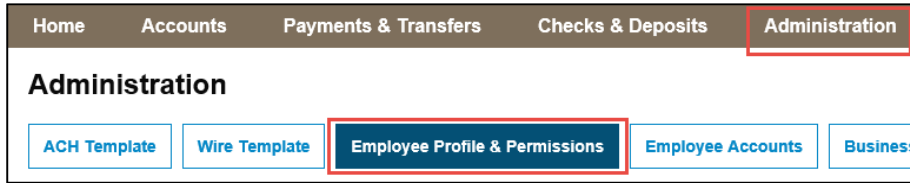

- If there are any templates requiring an approval, they will appear under **Review Wire Transfer Templates**; you can click on the template to view the template details and when ready to approve, simply check the Approve box next to the template and then click **Submit**

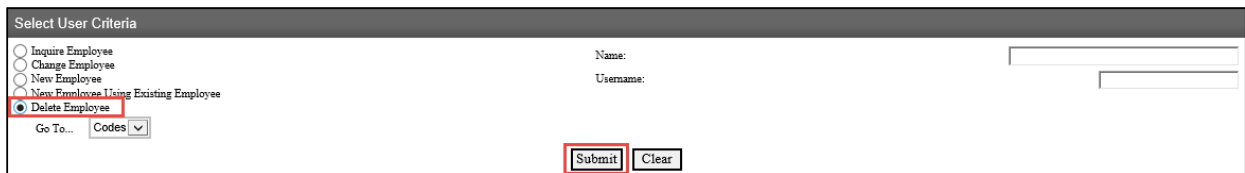

## Deleting a User

- From the **Administration** menu, select **Employee Profile & Permissions**

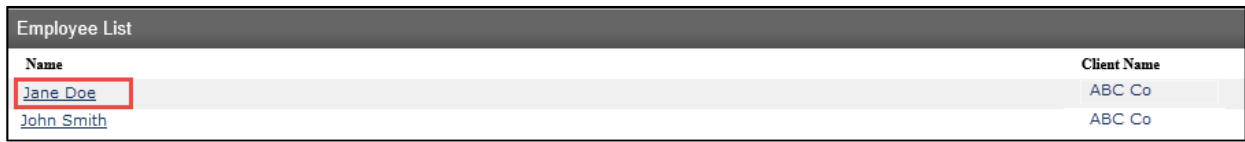

The screenshot shows the top navigation bar with 'Administration' highlighted. Below it, the 'Administration' section contains several buttons: 'ACH Template', 'Wire Template', 'Employee Profile & Permissions' (highlighted with a red box), 'Employee Accounts', and 'Business'.

- From the **Select User Criteria** menu, select **Delete Employee** and then click **Submit**

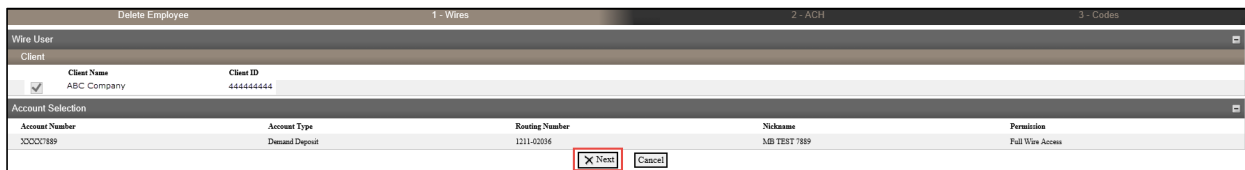

The screenshot shows the 'Select User Criteria' form. The 'Delete Employee' radio button is selected and highlighted with a red box. The 'Submit' button is also highlighted with a red box. There are input fields for 'Name' and 'Username'.

- Select the users name from the list of results

Name	Client Name
Jane Doe	ABC Co
John Smith	ABC Co

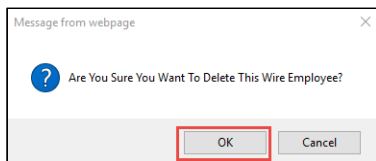

- If the user had Wire Manager access the below screen will display; click **Next** to continue

The screenshot shows the 'Delete Employee' screen for 'Wire User'. It displays a table for 'Account Selection' with columns: Account Number, Account Type, Routing Number, Nickname, and Permission. The 'Next' button is highlighted with a red box.

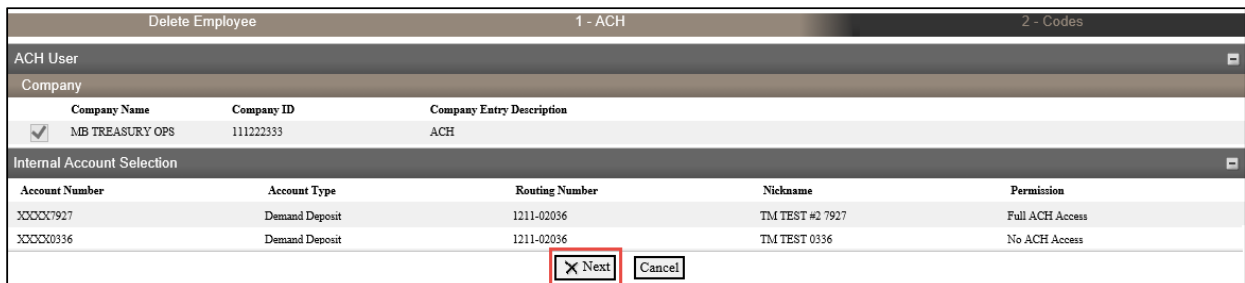

Account Number	Account Type	Routing Number	Nickname	Permission
XXXX189	Demand Deposit	1211-02036	MB TEST 789	Full Wire Access

- The below message will display; select **OK** to continue

The screenshot shows a 'Message from webpage' dialog box with the text: 'Are You Sure You Want To Delete This Wire Employee?'. The 'OK' button is highlighted with a red box.

- If the user had ACH access the below screen will display; click **Next** to continue

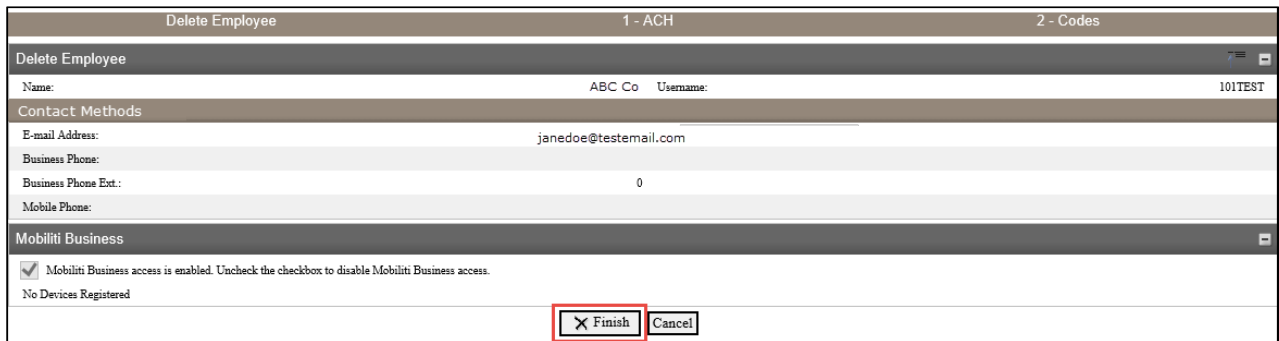

The screenshot shows the 'Delete Employee' screen for 'ACH User'. It displays a table for 'Internal Account Selection' with columns: Account Number, Account Type, Routing Number, Nickname, and Permission. The 'Next' button is highlighted with a red box.

Account Number	Account Type	Routing Number	Nickname	Permission
XXXX7927	Demand Deposit	1211-02036	TM TEST #2 7927	Full ACH Access
XXXX0336	Demand Deposit	1211-02036	TM TEST 0336	No ACH Access

- The following message displays; select **OK** to continue

- A final Codes screen will display; click **Finish** to continue

- The below message will display; select **OK** to continue

- A confirmation message will display; **Success – Employee Deleted Successfully**

## Changing a User

- From the **Administration** menu, select **Employee Profile & Permissions**

- From the **Select User Criteria** menu, select **Change Employee** and then click **Submit**

 **Note:** To change the wire transfer user permissions, change the **Go To** drop down from **Codes** to **Wires**.

- Make the necessary changes to the users profile and once completed click the **Save** icon 

 **Note:** To change the user permissions for a specific account, click on the **Account Number** link to make the changes and then click the **Save** icon.

- A confirmation message will display; **Success – Employee Updated Successfully**

## Security Level/Role Assignment Guide

Users who have a Security Level of Senior Administrator, Administrator, or Supervisor can view the Administration menu. The Security Level/Role Assignment is specified in each users profile with varying levels of authority as illustrated in the table below. The Security Level should match the Role Assignment in the user's profile.

A Senior Administrator will be set up by the Bank based on the completed request form(s) received from the company. The Senior Administrator will have the highest access level rights and is responsible for setting up all other users. The Senior Administrator also has the option of establishing an Administrator who can set up users and assign access rights.

	Senior Administrator	Administrator	Supervisor	Employee
<b>Hours of Access</b>	24 x 7	24 x 7	24 x 7	24 x 7
<b>User Administration*</b> <i>(Creating/changing users and their access rights)</i>	Can Add, Change, and Delete all other users	Can add, change, and delete users with a security level of Supervisor or Employee, as specified in the users profile.	Cannot add, change, or delete any users or user rights	Cannot add, change, or delete any users or user rights
<b>Access to Business Online Banking Features</b> <i>(i.e. Stop Payments, Internal Transfers, Account Inquiry, etc.)</i>	Full access to all features and services	As specified in the users profile	As specified in the users profile	As specified in the users profile
<b>Access to Accounts</b>	Full access to all accounts	As specified in the users Account Access profile	As specified in the users Account Access profile	As specified in the users Account Access profile
<b>Transfer Review/Approval Authority</b> <i>(Authority to review and approve account transfers, Wire and ACH Transfers)</i>	Can approve transfers initiated by other users	Can approve transfers initiated by other users, as specified in the users profile	Can approve transfers initiated by other users, as specified in the users profile. Bill Payments submitted by a Supervisor will require approval from an Administrator or Sr. Administrator.	Cannot approve any transfers. Bill Payments submitted by an Employee will require approval from an Administrator or Sr. Administrator.
<b>Template Administration</b> <i>(Templates are pre-defined forms for Wire and ACH Transfers or Positive Pay file mapping)</i>	Can add, change or delete templates	Can add, change or delete templates, as specified in the users profile	Can add, change or delete templates, as specified in the users profile	Cannot administer templates
<b>Positive Pay Exception Processing &amp; Authorization Rules</b>	Can approve exception items and add, change or delete ACH Authorization Rules	Can approve exception items and add, change or delete ACH Authorization Rules, as specified in the users profile	Can approve exception items and add, change or delete ACH Authorization Rules, as specified in the users profile	Cannot approve exception items or add, change, or delete ACH Authorization Rules

\*Users added to the Positive Pay system may have user administration access and other permissions within the Positive Pay application based on the permissions granted by an Administrator, regardless of their security level in Business Online.

**For further assistance with Administrative functions, please contact Treasury Operations at 800.272.1876.**
